## FOOD & HOSPITALITY ASIA 2026

British Columbia (B.C.) is a globally recognized hub for high-quality goods, innovative services, and strategic trade opportunities, offering international buyers streamlined access to the Asia-Pacific and North American markets. With its efficient transportation network, strong trade agreements, and supportive economic environment, B.C. makes it easier for global businesses to source premium products and build reliable, stable supply partnerships.

## Canadian Seafood Processing (Effingham Oysters)

[eatcanadianseafood.com](http://eatcanadianseafood.com)

[effinghamoyster.com](http://effinghamoyster.com)

**Mica Verbrugge**

[effinghamoyster@gmail.com](mailto:effinghamoyster@gmail.com)

**Canadian Seafood  
PROCESSING INC.**

Vancouver Island, British Columbia

Located on Port Alberni's waterfront in Fisherman's Harbour, Canadian Seafood Processing works directly with local fishing boats in Barkley Sound to procure, process, and ship seafood at peak freshness; it is also the exclusive distributor of Effingham Oysters—deep-cup Pacific oysters grown in the pristine Effingham Inlet. The operation runs a Canadian Food Inspection Agency licensed facility with live tanks and cold storage to maintain quality and traceability.

**Brands:** Canadian Seafood Processing; Effingham Oysters

**Products Showcasing at FHA 2026:** Pacific oysters; Manila clams; Sockeye salmon; Chinook (King) salmon; Keta (Chum) salmon; Spot prawns; Sidesripe shrimp; Pink shrimp; Lingcod

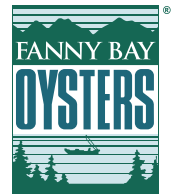

---

## Fanny Bay Oysters

[fannybayoysters.com](http://fannybayoysters.com)

**Brian Yip**

[briany@fannybayoysters.com](mailto:briany@fannybayoysters.com)

Fanny Bay Oysters is a fully integrated B.C. shellfish producer with more than three decades of farming expertise, supplying premium oysters and clams to customers across Canada, the U.S., and Asia through sustainable, responsible practices and tide-to-table handling.

**Brands:** Fanny Bay; Sun Seekers

**Products Showcasing at FHA 2026:** Live oysters; Manila clams; Savoury clams

## FitBite

fitbitechips.com

**Nick Heidary**

nh@fitbitechips.com

FitBite makes better-for-you kettle-cooked snacks from cassava, plantain, and mixed roots, using short ingredient lists and bold global flavours. Produced in B.C., the range of products targets gluten-free, vegan, non-GMO shoppers who want crunch and clean labels without sacrificing taste.

**Brands:** FitBite; RootBite

**Products Showcasing at FHA 2026:** Tortilla chips, Cassava chips, Mix chips, Ripe plantain chips, Green plantain chips

---

## Huer Foods

huerfoods.com

**Michael Kang**

mkang@huerfoods.com

Huer is a Canadian confectionery brand specializing in soft-chew gummies and flavour-forward mixes, serving retail channels across Canada, the U.S., and Asia. The portfolio spans branded packs, bulk, and private label, supported by robust food-safety programs and ongoing product innovation.

**Brands:** Huer Foods

**Products Showcasing at FHA 2026:** Super Mix & Super Mix Sour 180g; Frank's RedHot 100g

## Maia Farms

maiafarms.com

### Jason Mackay

jason.mackay@maiafarms.ca

Maia Farms develops oyster mushroom mycelium-based ingredients—from textured protein blends to powders and fresh formats—engineered for clean-label nutrition and functionality at scale. The team collaborates with food developers to deliver performance across varied applications.

**Brands:** FORMS (textured protein blends); FLOUR (mushroom powders); ULTRA (fine functional powders); FRESH (high-moisture mycelium formats)

**Products Showcasing at FHA 2026:** FORMS; FLOUR; ULTRA

---

## Padmashri Naturals (Sewanti)

sewanti.com

### Neelam Toprani

neelam@sewanti.com

Padmashri Naturals manufactures plant-based Ayurvedic supplements and oils under the Sewanti brand, produced in GMP facilities in Metro Vancouver with compliance to Health Canada and US Food and Drug Administration regulations. The range of products includes concentrated extracts, organic herbal powders, and lifestyle products designed for modern wellness needs.

**Brands:** Sewanti Ayurvedic Series

**Products Showcasing at FHA 2026:** Concentrated extracts; Organic supplements; Organic herbal powders; Lifestyle products

## Real Earth Bounty

realearthbounty.com

**Manny Singh**

manny@realearthbounty.com

Real Earth Bounty produces chocolate, yoghurt, and salted-caramel coated snacks made with real fruit and all-natural or organic ingredients, avoiding artificial colours, flavours, and preservatives. Its fully automated B.C. facility supports branded, bulk, and private-label formats for domestic and export markets.

**Brands:** Real Earth Bounty; Chocolate Bliss; Yogoxolat

**Products Showcasing at FHA 2026:** Dark, milk, and yoghurt coated Canadian berries

---

## Whistler Food and Beverage

whistlerwater.com

**Atom Xiao**

bd@whistlerfb.com

Whistler Water offers 100% pure Canadian glacial spring water sourced from a protected aquifer north of Whistler, with a naturally neutral pH and strict quality systems. The brand is widely distributed in Canada and present in select Asian markets across multiple pack sizes.

**Brands:** Whistler Water

**Products Showcasing at FHA 2026:** 350 mL; 500 mL; 1.5 L; 4 L formats
